About the University

Ulyanovsk State Technical University (UISTU) is a unique centre for engineering education and science in Russia. UISTU trains highly-qualified specialists in a wide range of technical and mathematical sciences, humanities and economics as well.

UISTU is proud of its history, its alumni and high educational standards comprising training, research and inventive activities. UISTU is a leading establishment in intellectual property certificates obtained across Russia (more than 4580 patents on inventions, utility models and other objects).

Faculties:

- Information Systems and Technologies
- Mechanical Engineering
- Civil Engineering
- Power Engineering
- Radio Engineering
- Economics and Mathematics
- Humanities
- Extramural

Institutes:

- Aviation Technologies and Management
- Distance and Additional Training

Ulyanovsk State Technical University has more than 10 000 students in different fields of study including foreign students from 21 countries.

International and Innovational Office

Russian language course

Prospective students attending Bachelor's and Master's programs should take **pre-university course** (technical specialization).

Disciplines: Russian as a foreign language (level B1), mathematics, physics, chemistry, informatics, engineering graphics, Russian history, physical education.

Duration: 10 months

Course start: September

Tuition fee: 50 000 RUB

Prospective students attending Master's programs and postgraduate programs should take course of **Russian as a foreign language** (level B1).

Duration: from 8 months up to 10 months

Course start: September-October

Tuition fee: 55 000 RUB

Ulyanovsk State Technical University offers courses of Russian as a foreign language from 1 month up to 12 months of all levels. Course fee is provided upon request.

Students have an opportunity to pass Test of Russian as a Foreign Language (TORFL) at UISTU.

Undergraduate course

Language of instruction: **Russian** (B1 required)

Program		Degree	Tuition fee/year, RUB
Code	Title		
01.03.04	Applied mathematics	Bachelor	122 010
07.03.03	Architectural design	Bachelor	128 450
08.03.01	Construction	Bachelor	76 600
09.03.01	Information and computer sciences	Bachelor	122 010
09.03.02	Information systems and technologies	Bachelor	122 010
09.03.03	Applied informatics	Bachelor	72 900
09.03.04	Software engineering	Bachelor	122 010
11.03.01	Radio engineering	Bachelor	122 010
11.03.02	Infocommunication technologies and communication systems	Bachelor	122 010
11.03.03	Design and technology of electronic instrumentation	Bachelor	122 010
12.03.01	Instrument engineering	Bachelor	122 010
13.03.01	Heat and power engineering	Bachelor	122 010
13.03.02	Electric and power engineering	Bachelor	122 010
15.03.01	Mechanical engineering	Bachelor	76 600
15.03.05	Construction and technology for machinery industry	Bachelor	76 600
20.03.01	Technosphere security	Bachelor	76 600
24.03.04	Aircraft construction	Bachelor	79 060
27.03.02	Quality management	Bachelor	72 900
38.03.01	Economics	Bachelor	60 000
38.03.02	Management	Bachelor	60 000
38.03.03	Human resource management	Bachelor	60 000

Program		Degree	Tuition fee/year, RUB
Code	Title		
38.03.06	Commerce	Bachelor	60 000
42.03.01	Advertising and public relations	Bachelor	56 000
42.03.03	Publishing and editing	Bachelor	56 000
45.03.02	Linguistics	Bachelor	56 000
11.05.01	Radio electronic systems and complexes	Engineer	76 600
23.05.01	Ground transportation and technological complexes	Engineer	122 010
24.05.07	Aircraft- and helicopter engineering	Engineer	79 060
08.04.01	Construction	Master	87 620
09.04.01	Information and computer sciences	Master	135 690
09.04.04	Software engineering	Master	135 690
11.04.01	Radio engineering	Master	135 690
11.04.02	Infocommunication technologies and communication systems	Master	135 690
11.04.03	Design and technology of electronic instrumentation	Master	135 690
12.04.01	Instrument engineering	Master	135 690
15.04.05	Construction and technology for machinery industry	Master	87 620
38.04.02	Management	Master	83 930

Graduate Course

Language of instruction: **Russian** (B1 required)

Program		Profile		Tuition fee/year, RUB
Code	Title	Code	Title	
01.06.01	Mathematics and mechanics	01.01.02	Differential equation, dynamic systems and optimal control	76 500
		01.02.05	Fluid mechanics and mechanics of plasma	76 500
		01.02.06	Dynamics, strength of machines, devices and equipment	76 500
03.06.01	Physics and astronomy	01.04.14	Thermal physics and heat engineering theory	76 500
05.06.01	Earth sciences	03.02.08	Environmental science (chemistry, energetics)	93 750
09.06.01	Information and computer science	05.13.05	Components and devices of computer engineering and control systems	144 140
		05.13.12	CAD systems (branches)	144 140
		05.13.18	Mathematical simulation, numerical computing and complexes	144 140
11.06.01	Electronics, radio engineering and communication systems	05.12.07	Antennas, VHF devices and technologies	144 140
12.06.01	Photonics, instrument engineering, optical and biotechnological systems and technologies	05.11.01	Measurement instruments and methods (branches)	144 140
13.06.01	Power- and heat engineering	05.09.03	Electrotechnical complexes and systems	144 140
14.06.01	Nuclear, heat and renewable energy and accompanying technologies	05.14.14	Heat and electric power stations, power systems and units	144 140
15.06.01	Mechanical engineering	05.02.07	Technology and devices of machining and physicotchnical processing	144 140
		05.02.08	Mechanical-engineering technology	93 750
		05.02.09	Forming machinery and technologies	144 140

Program		Profile		Tuition fee/year, RUB
Code	Title	Code	Title	
24.06.01	Aviation and space-rocket hardware	05.07.02	Aircraft design, construction and manufacture	144 140
27.06.01	Technical systems control	05.02.23	Standardization and quality management	93 750

Summer Schools

Ulyanovsk State Technical University offers 4 Summer Schools for international students in 2014:

1. **Geology and paleontology of the Volga region «On the trails of dinosaurs»**
2. **Earth through the cockpit**
3. **Theory and practice of programming**
4. **CALL of Russia** (Culture, Architecture, Language and Literature of Russia)

UISTU summer school programs are vast multicomponent educational courses with integrated classes and field trainings supported by a diverse culturological and entertaining program, introducing the history and culture of the Volga region.

Target group: students of all majors, studying Russian language, culture or history; looking for new experience and craving for exploration

Entertaining part combines sports activities, workshops, museums, out-of-town guided tour and a 3-day vacation at summer camp located at a picturesque site on the bank of the Volga River.

International and Innovational Office

E-mail: international@ulstu.ru, Tel./Fax: +7-8422-778-302

Ulyanovsk State Technical University, Russia

Each program worth 5 ECTS credits.

Classes are hold in groups of 10–15 students. Class hours: 24 hours/week – theoretical course and about 20 hours/week of practical trainings.

Duration: August 11–24, 2014

Deadline for applications is May 26, 2014

Language of instruction: English, Russian

Russian language course: elementary is obligatory, advanced and proficiency upon request.

Course fee for Summer School is €850

For partner universities of UISTU – €450

Fee includes:

- tuition;
- accommodation (at the students hostel);
- meals (breakfast);
- entertaining and cultural program;
- transfer from/to the railway station/airport (Ulyanovsk).

For more information: <http://summer-schools.ulstu.ru/>

Admission information

To enter UISTU:

- Select an educational program;
- Fill out application form;
- Send a passport copy and your educational documentary copy in English or in Russian to our office via e-mail;
- Receive a response (about 2 weeks);
- Transfer half of a year tuition fee to the university account (at the discretion of the University);
- Upon money transfer confirmation receive an official invitation (within a month) for entry visa application.

To acquire a visa:

- Contact Russian Federation Embassy or Consulate for proper visa requirements;
- Send your post address and phone number to our office so we could send you the invitation.

Invitation is valid for 90 days. Invitation and entry visa have the same expiration date; therefore you should arrive to Ulyanovsk one month prior to the expiration date.

Upon visa acquisition:

- Send your route information to our office (air company, flight number, arrival date and time) at least 7 days prior to arrival date so we could provide your meeting;
- Arrive to Ulyanovsk at least 5 days prior to course start date and not later than a month before invitation and visa expiration date.

Remember!

Keep all boarding tickets and migration card (you receive at the entry point) to provide them to our office afterwards.

Upon arrival to Ulyanovsk a student should pay the following fees:

- 1 000 rubles – fee for multiple one-year visa (multiple entry/exit to/from Russian during a year);

- 4 800 rubles – health insurance for 12 months (for student studying less than 12 months the payment is calculated per month) – should be paid prior to course start;
- about 10 000 rubles a month – other expenses: food, transport, internet, etc.

Dormitory rent is 1 554 – 2 600 rubles/month, depending on accommodation type. Rent is paid monthly.

Upon arrival to Ulyanovsk a student provides to the office:

- original educational documentary (properly validated);
- international passport;
- migration card and travel documents;
- 12 black-and-white matt photos (3×4);
- Negative HIV certificate, valid for at least 30 days, health certificate (with negative tuberculosis, leprosy, venereal diseases and malaria tests);
- Negative HIV certificate must be provided upon each entry to Ulyanovsk.

Prior to the Learning Agreement conclusion an international students must acquire medical insurance for the whole training period.

Contacts

Ulyanovsk State Technical University, Russia
